

Constraints on Crustal Composition of the Canadian Landmass from Teleseismic Waves

B. Postlethwaite¹, M. G. Bostock¹, N. I. Christensen¹, D. B. Synder²

Abstract

Text File: abstract.txt

M. Bostock & M. Kumar (2010) Crustal Parameter Estimation

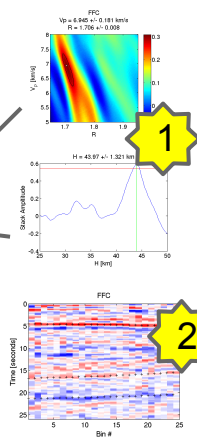

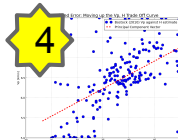

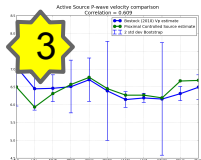

Motivation

TextFile: motivation.txt

Method

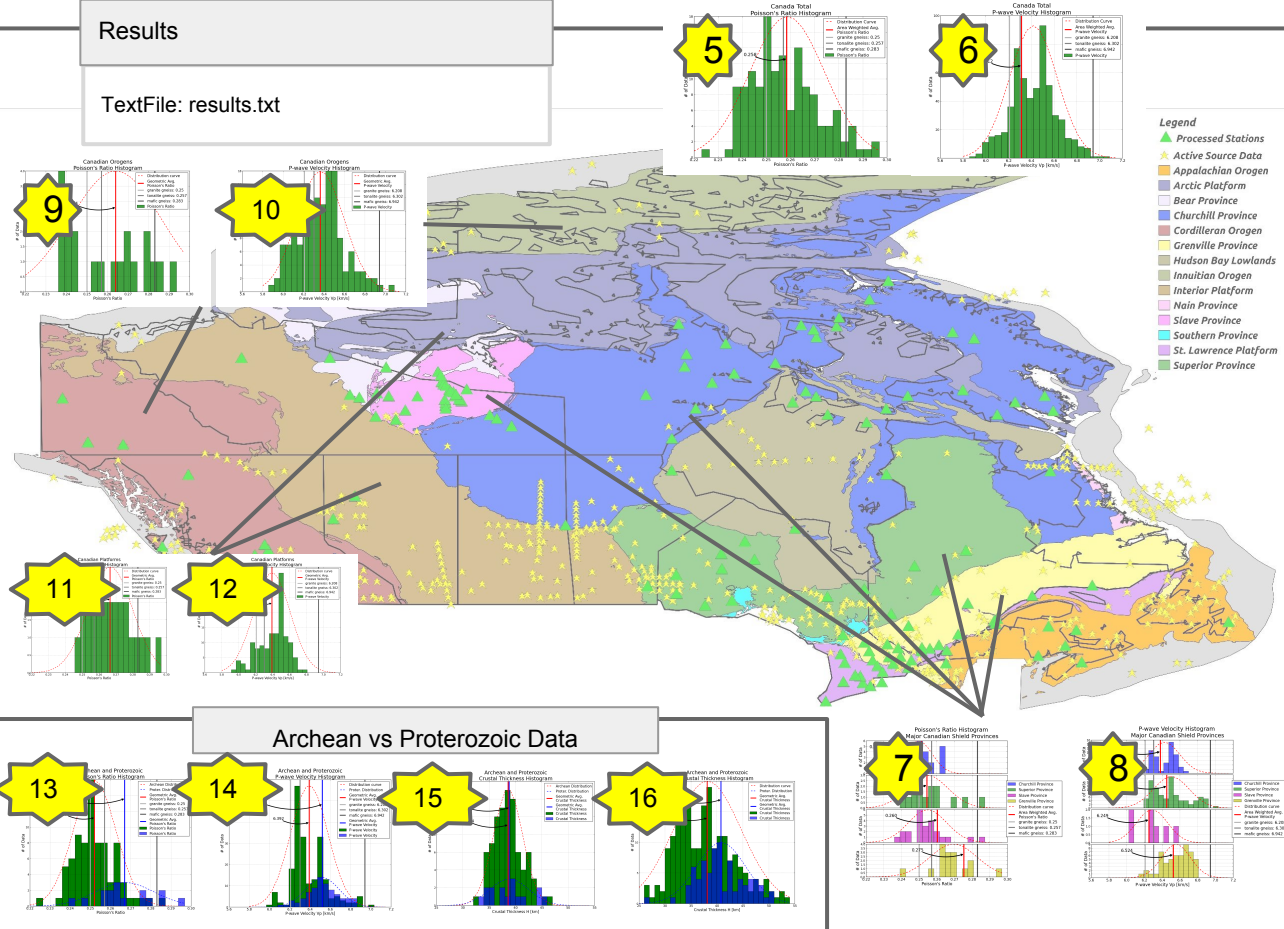

TextFile: vpMethod.pdf

I have used latex to render this section as it includes equations, hence the pdf. I can break this down into figures.pdf and text.txt if this works out better
